

Please avoid winter bird roosts - especially 'at night' and at 'high tide'

We need to share the beach with these birds - as it is their home too!

Turnstone

## How you can help:

- ★ Observe signs about the roosts
- ★ Please keep your dogs on a lead near resting birds.
- ★ Avoid going near, chasing or putting the birds to flight.

You can find more information in the Thanet Coastal Codes, produced with the help of local people. These are available from visitor information, libraries or the project.

**- THANK YOU FOR YOUR COOPERATION -**
